

Appendix D

B17007

POVERTY STATUS IN THE PAST 12 MONTHS OF UNRELATED INDIVIDUALS 15 YEARS AND OVER BY SEX BY AGE

 Universe: Unrelated individuals 15 years and over for whom poverty status is determined
 2010 American Community Survey 1-Year Estimates

Supporting documentation on code lists, subject definitions, data accuracy, and statistical testing can be found on the American Community Survey website in the Data and Documentation section.

Sample size and data quality measures (including coverage rates, allocation rates, and response rates) can be found on the American Community Survey website in the Methodology section.

Although the American Community Survey (ACS) produces population, demographic and housing unit estimates, for 2010, the 2010 Census provides the official counts of the population and housing units for the nation, states, counties, cities and towns.

	Nevada	
	Estimate	Margin of Error
Total:	548,984	+/-15,349
Income in the past 12 months below poverty level:	122,717	+/-7,000
Male:	60,124	+/-4,652
15 years	328	+/-265
16 and 17 years	941	+/-517
18 to 24 years	11,703	+/-2,006
25 to 34 years	9,747	+/-2,101
35 to 44 years	9,295	+/-1,746
45 to 54 years	11,277	+/-1,706
55 to 64 years	10,410	+/-1,935
65 to 74 years	3,952	+/-1,304
75 years and over	2,471	+/-676
Female:	62,593	+/-4,301
15 years	554	+/-446
16 and 17 years	948	+/-464
18 to 24 years	13,922	+/-2,231
25 to 34 years	10,470	+/-1,737
35 to 44 years	8,737	+/-1,509
45 to 54 years	8,234	+/-1,661
55 to 64 years	10,467	+/-1,525
65 to 74 years	4,632	+/-946
75 years and over	4,629	+/-936
Income in the past 12 months at or above poverty level:	426,267	+/-13,377
Male:	239,259	+/-8,796
15 years	0	+/-309
16 and 17 years	0	+/-309
18 to 24 years	18,277	+/-2,463
25 to 34 years	61,092	+/-4,276
35 to 44 years	45,035	+/-3,967
45 to 54 years	44,055	+/-3,605
55 to 64 years	34,714	+/-2,616
65 to 74 years	21,058	+/-2,124
75 years and over	15,028	+/-1,785

Total seniors below poverty level.
55 Years and Older

16,833
19,728
36,561

6 % of all working individuals are seniors below the poverty level.

6.659756932%

30 % of those below poverty level are seniors 55 +

29.792938223%

POVERTY STATUS IN THE PAST 12 MONTHS OF UNRELATED INDIVIDUALS 15 YEARS AND OVER BY SEX BY AGE

Universe: Unrelated individuals 15 years and over for whom poverty status is determined
2010 American Community Survey 1-Year Estimates

Supporting documentation on code lists, subject definitions, data accuracy, and statistical testing can be found on the American Community Survey website in the Data and Documentation section.

Sample size and data quality measures (including coverage rates, allocation rates, and response rates) can be found on the American Community Survey website in the Methodology section.

Although the American Community Survey (ACS) produces population, demographic and housing unit estimates, for 2010, the 2010 Census provides the official counts of the population and housing units for the nation, states, counties, cities and towns.

Female:	187,008	+/-7,488
15 years	0	+/-309
16 and 17 years	0	+/-309
18 to 24 years	16,538	+/-2,395
25 to 34 years	36,239	+/-3,345
35 to 44 years	24,504	+/-2,506
45 to 54 years	29,449	+/-2,925
55 to 64 years	30,529	+/-2,740
65 to 74 years	25,373	+/-2,091
75 years and over	24,376	+/-1,804

Data are based on a sample and are subject to sampling variability. The degree of uncertainty for an estimate arising from sampling variability is represented through the use of a margin of error. The value shown here is the 90 percent margin of error. The margin of error can be interpreted roughly as providing a 90 percent probability that the interval defined by the estimate minus the margin of error and the estimate plus the margin of error (the lower and upper confidence bounds) contains the true value. In addition to sampling variability, the ACS estimates are subject to nonsampling error (for a discussion of nonsampling variability, see Accuracy of the Data). The effect of nonsampling error is not represented in these tables.

While the 2010 American Community Survey (ACS) data generally reflect the December 2009 Office of Management and Budget (OMB) definitions of metropolitan and micropolitan statistical areas; in certain instances the names, codes, and boundaries of the principal cities shown in ACS tables may differ from the OMB definitions due to differences in the effective dates of the geographic entities.

Estimates of urban and rural population, housing units, and characteristics reflect boundaries of urban areas defined based on Census 2000 data. Boundaries for urban areas have not been updated since Census 2000. As a result, data for urban and rural areas from the ACS do not necessarily reflect the results of ongoing urbanization.

Explanation of Symbols:

1. An '***' entry in the margin of error column indicates that either no sample observations or too few sample observations were available to compute a standard error and thus the margin of error. A statistical test is not appropriate.
2. An 'L' entry in the estimate column indicates that either no sample observations or too few sample observations were available to compute an estimate, or a ratio of medians cannot be calculated because one or both of the median estimates falls in the lowest interval or upper interval of an open-ended distribution.
3. An 'L' following a median estimate means the median falls in the lowest interval of an open-ended distribution.
4. An 'U' following a median estimate means the median falls in the upper interval of an open-ended distribution.
5. An '***' entry in the margin of error column indicates that the median falls in the lowest interval or upper interval of an open-ended distribution. A statistical test is not appropriate.
6. An '*****' entry in the margin of error column indicates that the estimate is controlled. A statistical test for sampling variability is not appropriate.
7. An 'N' entry in the estimate and margin of error columns indicates that data for this geographic area cannot be displayed because the number of sample cases is too small.
8. An '(X)' means that the estimate is not applicable or not available.
